### **§ 3 Cookies and Other Technologies**

Make Money may use cookies or similar technologies to collect information about your device, browser, and online behavior. These technologies help improve user experience, analyze site usage, and offer relevant content. Manage preferences through app settings.

### **§ 4 Data Sharing**

Collected data may be disclosed to affiliates, agents, contractors, law enforcement or in the event of reorganization or sale of any of the contracting entities. Aggregate statistics may be shared for business descriptions with partners, advertisers, sponsors, and third parties.

### **§ 5 Storage and International Transfers**

User information is stored on secure servers. Transfers may occur to related parties, between the contracting entities and to third parties. Personal information may be transferred to the United Arab Emirates, Liechtenstein, Germany, Israel, Luxembourg, Ireland, the United States and other countries. By using Make Money, you explicitly permit such transfers.

### **§ 6 Chat Rooms**

Information disclosed in Make Money chat rooms becomes public. Users should exercise caution and avoid sharing sensitive personal information.

### **§ 7 Child Safety**

Make Money is intended for users aged 16 and above. We prioritize child safety online.

### **§ 8 External Links**

Links to external sites may be present in Make Money. Make Money is not responsible for the privacy policies or content of these sites.

### **§ 9 Security**

Make Money employs security measures to protect personal information. While we make efforts to secure data, users should be aware that internet submissions are not entirely secure.

### **§ 10 Third Parties and Data Processors**

Google Analytics: Make Money uses functions of the analytics services Google Analytics and Google Firebase. Provider is Google Inc., 1600 Amphitheater Parkway Mountain View, CA 94043, USA. Google Analytics uses

so-called "cookies". These are text files that are stored on your computer and that allow an analysis of the use of the website by you. The information generated by the cookie about your use of this website is usually transmitted to a Google server in the United States and stored there. Firebase is used to attribute app installs to marketing campaigns and optimize the user experience in the app. For more information on how to handle user data, please see the Google Privacy Policy:
